NORFOLK SOCIETY

Refreshed and Stimulated by the Season's Pleasures.

WAS MOST SUCCESSFUL

But it Did Not Cost so Much That a Year or More of Enforced Retirement Must Now Necessarily Follow.

(Special to The Times-Dispatch.)

**RORFOLK, VA., March 7.—After a winter season distinguished for its gaysty and its generally brilliant entertainments, it is fit that society in Norfolk should be quiet now. The entertain-ments of the winter did not consist of three or four crushing and crowded re-ceptions, given by rich families in such ceptions, given by rich families in such a style as to deter those who were not so rich from entertaining at all, but they were parties, not given for the show of wealth so much as for that reflined and amiable hospitality, which distinguished the home life of the Southern people before the war. Such hospitality is never exhausted, because it never makes those supreme efforts of new people, nor those fatal social mistakes of those who attempt to bait unwilling and rejuctant society into gaudy parlors and to overladen tables. There must be the pourteousness of genuine hospitality and the refinements of the association with persons of good taste to attract the real society people of Norfolk within any house for the pleasures of an evening if the affuir is to be a place for show merely, then society either shuns it or goes from he same sort of curiosity that a woman who doesn't intend to buy goes to a millinery opening—to see what frights and horrid things are put on exhibition.

goes to a millinery opening—to see what frights and horrid things are put on exhibition.

Norfolk society has been refreshed and stimulated by a more genuine and cordial exhibition of sweet and gracious hospitality this winter than during any winter since the war. It is feeling happy, because it was successful, pleasant and not so costly as to put it into an enforced retirement for a year. The matterns are satisfied and the coy and pretty maids are thinking about Easter bonnets—perhaps about June weddings. There were but few social events of note here this week.
